IMPORTANT UPDATE | Postponement of the administrative directive on mandatory vaccination

Dear parents and guardians,

I hope you and your loved ones are doing well. The past few weeks have been quite hectic in many of our regions. Under these circumstances, it is more important than ever that we provide a caring and safe learning environment for your child.

Postponement of the administrative directive on mandatory vaccination

The implementation of the [COVID-19 vaccination administrative directive](#) has been delayed until September 30, 2022.

In the meantime, non-vaccinated staff must continue to comply with the requirement to provide management with a negative result 3 times per week as required by the Department of Education.

We also continue to follow all health and safety guidelines outlined in the [Back to School Guide](#). The Guide is updated regularly based on ministerial guidelines and recommendations from public health units in our territory.

I thank you for your cooperation and wish you a safe and healthy weekend.

Sylvie C.R. Tremblay
Director of Education
