écoles publiques
de l'Est de l'Ontario

Return to classroom tomorrow

Ottawa, November 7, 2022

Dear parents and guardians,

The Ontario government has announced its intention to repeal the *Keeping Students in School Act*. In response to the government's announcement, the Canadian Union of Public Employees (CUPE) has announced that its members will return to work tomorrow. Both parties have agreed to resume negotiations.

In-person learning will resume in all our schools tomorrow, Tuesday, November 8, 2022.

School Transportation

School transportation will operate as usual.

Child Care Services

CEPEO and its partner child care services will be open.

Return of technology tools

We are asking parents and guardians who have children in elementary school who have borrowed a Chromebook and charger for virtual education to return it to school with their child tomorrow.

Please be assured that we will continue to update you as the situation evolves.

I thank you for your trust and wish you a great week.

Sylvie C.R. Tremblay
Director of Education
